

Optimizing **your** workplace

February 22, 2010

Re: Reference Letter for Servcon Inc.

To Whom It May Concern:

Servcon has completed numerous construction projects for me working on the Canada Post contract over the last five years. They have supplied project management services, hourly skilled tradesmen, as well as having completed larger tendered construction projects. They have met or exceeded our expectations on both the small jobs (less than \$10K) and larger jobs (\$125K-\$200K).

We will continue to use Servcon in the future for small service and construction projects such as repairs, upgrades and small and large interior changes as well as inviting them to bid on larger tendered construction projects. Their professionalism and attention to detail make them an invaluable business partner.

If you have any questions, I can be reached via email at john.townsend@bljc.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Townsend', written in a cursive style.

John Townsend,
Senior Project Manager,
BLJC
